

Agile Executive Information Sessions ■

Objectives

- Provide the participants with a holistic understanding of the Agile world with focus on the mapping of methods such as DSDM, SCRUM, RUP & XP on to the end to end solution development process.
- Create visibility on how 6pm can assist the participant's organization in using Agile to derive immediate business benefit that translates into monetary gains.
- Discuss with the participants the key critical success factors that need to be considered when using Agile within their organization.

Who should attend?

Implementing Agile within an organization requires senior management buy-in and sponsorship. With this in mind we recommend that only decision makers should attend the Agile Executive Information Session spread over two days in Malta.

Prerequisites

The people attending must have an attitude that embraces change and are committed to delivering value to their business on time and to budget.

What do Participants Say?

"6pm have facilitated Agile Executive Information sessions to a range of our staff from Management Consultant to Director level and enabled us to extend our portfolio of services by including Agile as the standard approach to relevant assignments.

Oakleigh Consulting and 6pm partnership is aligned to deliver exceptional results and engagement on joint client engagements.

I have been extremely impressed with the professional individuals at 6pm which bring a true culture of ensuring client expectations are clearly defined, therefore fully meet and exceeded.

6pm work with the client and not for them reflected by the dynamic leadership and access to credible resources."

Anne Quirk, Health Director, Oakleigh Consulting Ltd.

"...they make a real difference to the way we run our software development projects..."

Logistics & Information

All 6pm Agile Executive Information Sessions will be held over a two-day timeframe, typically a Monday and Tuesday. The sessions will be held in Malta.

The event is by Invitation Only.

The two-day workshop, as well as flights, airport transfers in Malta, accommodation in a superior 4 or 5 star hotel, and entertainment will be provided courtesy of 6pm.

The delegates MUST commit to travel to Malta on the Sunday evening. The Agile Executive Information Session commences at 9:00 am on Monday and finishes on Tuesday at 3:00pm. The participants will once again be escorted to Malta International Airport for their flights back home on Tuesday afternoon.

Should any of the delegates wish to fly in earlier in order to stay in Malta over the weekend, 6pm can arrange the flight and accommodation requirements. Any additional accommodation costs will be collected by the participant.

Contact us at info@6pmpmc.com should you be interested in attending. Invitations will be extended by any of 6pm Principle Directors, 6pm Marketing or 6pm Business Development directly.
